The GPS Juniors Program is a fun, exciting introduction to soccer. Run by a professional coach (Coach Sleepy!) we will teach the fundamentals of soccer using an energetic curriculum that has been tailored for working with 4-6 year olds. The curriculum also facilitates the development of motor and coordination skills, and we will be continuing to enhance understanding of soccer via the medium of small sided games. All sessions are held in a fun and positive environment, where players are encouraged to play with a smile on their face.
